

CENTRE OF EXCELLENCE IN BIG DATA ANALYTICS

The Big Data Centre of Excellence helps students to train in various big data technologies like ApacheHadoop, Hive, Sqoop, NoSQL, Apache Pig, Apache Spar and MapReduce. It guides students to understand data analytics, predictive analytics and the convergence of IoT, cloud and Big Data. It also helps students to bridge the gap through comprehensive learning of technologies and enables them to add BigData skills to their profile.

SPoC and Core Team member

- Prof.M.Somasundaram, Professor/ECE,RMKEC
- Ms.S.Radhika,Assistant Professor/CSE,RMKEC

Activities

- Student training in big data technologies
- Student projects and review by industry experts
- Project expos
- Faculty development programmes

No. of Students Registered / Participated:

| RMKEC |
|-------|
| CSE-1 |
| EEE-4 |
| ECE-7 |
| EIE-3 |

Sponsored by iNautix

Lab Inauguration:

Inauguration of iNautix Big Data Analytics Lab by Mr. Mohan Krishnaswamy, Managing Director and Chief Operating Officer, iNautix Technologies India Pvt. Ltd on 26.05.2016.
