	❖ Library	
	<ul style="list-style-type: none"> • Number of Library books/ Titles/ Journals available (program-wise) 	
	<p>The library of R.M.K. Engineering College was established with a view to inculcate the habit of reading and research activity among students and faculty members. The Central Library is located in Swaminatha Naidu Block covering an area of 930sq.m. The ultra-modern library facility includes a well-established fully air-conditioned library and information center. The library and the information center have separate reading and reference section to service the undergraduate and the post graduate students, staff members and research scholars. The annual budget of our central library is around Rs. 32 Lakhs. The central library is provided with huge collection of 101302 volumes and 27382 titles, including all major fields of science and engineering technology with international standardresources. The books are classified and arranged according to the Dewey decimal classification (DDC – 22nd Ed.) scheme.</p> <p>The library has subscriptions for the e-journal package of IEEE (ASPP), IETE, IEI, and DELNET, NDLI along with 72 national journals and 70 national technical magazines and general magazines. The library provides facilities such as OPAC, Multimedia, Internet, and Proceedings, Reports and CD ROMs Collections for faculty and students. It also has the facility for photocopying the reference materials, journal article and other printed materials. We are also providing the NPTEL (National Programme on Technology Enhanced Learning) through online web and web video courses in engineering and humanities stream. The OPAC (Online Public Access Catalogue) facility is powered by AutoLib Software Systems. Students and faculty can access user transaction details, updates on new arrivals and other related links in OPAC access available in college website, central library menu.</p> <p>The library has institutional membership with several external libraries such as British council library – Chennai, Anna University Library – Chennai and DELNET – New Delhi. Our institution has life membership in Institution of Engineers (IEI) India, Institution of Electronics and Telecommunication Engineering (IETE), Indian Concrete Institute (ICI) and Instrument Society of India (ISI).</p> <p>Meritorious students (top rank holders) of all the department are motivated with prize books worth more than Rs. 7 Lakhs every year based on their academic performance. They are also permitted to borrow additional books from the central library. A book bank is maintained for the benefit of hostel and other deserving students. The library has separate standard library automation package, Auto Lib – Integrated Library Management software with web-based software for their effective library services such as issue, return, renewal and reservation of resources. The library has professional Librarian (Sr.Grade), Assistant Librarian and technical assistants for providing necessary information to the users during their library visits. The college library advisory committee is headed by the Principal and includes the library officer, a faculty member from each department and student representatives.</p> <p>Library services and information centre supports the VIDWAN portal, an initiative by the R&D Department. All faculty members have registered in the VIDWAN portal successfully. All the Department faculty members have uploaded their credentials like publications, patents, awards, consultancy, qualification, experiences, etc., in the VIDWAN portal.</p> <p>For sharing “Today’s News” on every day, department library committee member who will go through the newspaper daily and collect the news relevant to engineering and education. The “Today News” is shared with all the HOD, faculty and students.</p> <p>All the students’ are student member of NDLI Club by registering and creating their login ID. The advisory committee for NDLI Club with is formed one student from each department as its member. Various department events are conducted under the banner of NDLI Club activities. All the brochures of the events</p>	

conducted are uploaded in the NDLI portal and registration link is created. This information is sent to the relevant department students to register for that event. They have to register for the event before the specified last date of the event. After the event is completed, the photos and the report of the event are uploaded in the NDLI Club portal by NDLI Club authorities. The registered students can download their participation certificate from their login.

Library and information services planning for an IEEE orientation programme along with the R&D Department in order to create awareness regarding publication in indexed journal and to improve the citations for students and faculty members at regular intervals of time. Faculty members who are doing research are motivated to utilize the Anna University and British Council Library Institutional Membership Cards for their research purpose. Library committee members have been continuously motivating all faculty members and students for utilizing the library effectively and to win the Best Library User Award.

department and due approval of the principal matching the prescribed number of working days specified by Anna University. Academic calendar contains total number of working days month wise, schedule of University theory and practical examination, schedule for all internal evaluation tests and symposium schedule. The institution strictly adheres to the academic calendar including for conduct of continuous internal evaluation (CIE).

The academic calendar is issued well in advance of the ensuing semester to all the department faculty members and students. This enables effective planning by the faculty and based on the academic calendar, lesson plan is prepared by the course coordinator. The head of the department of each programme ensures effective curriculum delivery both theory and laboratory courses.

Continuous internal evaluation:

Theory Courses:

Evaluation Tools	Content	Marks	Duration
First Internal Assessment Test	Unit 1 and 2	100	Three Hours
Second Internal Assessment Test	Unit 1 and 2	100	Three Hours
Model Exam	Five Units	100	Three Hours

Laboratory Courses:

The following process will be followed for the evaluation of Laboratory Courses

- Evaluation of the student's observation book and record notebook.
- Evaluation by oral examination on the student's knowledge before the start of experiment.
- Model practical examination.

- For each Post Graduate Courses give the following:
